## FOR PROTECTION OF PRESIDENT

### Three Substitute Bills Are Before the Senate and Will Be Voted Upon Today.

By Associated Press
Washington March 20—Throughout the session of the senate today the question of legislation for the protection of the president of the United States was uppermost in the minds of senators. The introduction of several bills for the protection of the president and the passage of the Ford bill by the house yesterday were the causes of the discussion. There was a project to make the assassination of several officers of the government, including the president, a crime punishable with death. A conspiracy to kill the president, vice president and members of the cabinet so as to overthrow the executive branch of the government was charged.

Mr. Littlefield (rep.) of North Dakota, a member of the judiciary committee, took the floor to discuss the authority of congress to act on the proposed legislation. He did not have to immediately consider the bills providing for the punishment of those who attempt to take the life of the president, vice president or members of the cabinet, but he thought it would be well to consider the question in time for the next session of congress. He did not believe congress had the authority to punish those who conspired to kill

## CRIPPLE CREEK NEWS NOTES

### Sellers' Testimony Bearing on the Recent Alleged Subornation to Perjury.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek, March 20.—There was a hearing in the district court tonight in the matter of the contempt proceedings of Mrs. Rose Redford and Andrew S. Sellers. The hearing was the outcome of the charges made by S. D. Crump, who was special prosecutor for the state in the case of the people vs. Kuykendall and Lake. Judge Seeds was upon the bench tonight and Mrs. Rose Redford was asked to go upon the stand and give a statement. Her attorney, Fred Shaw, asked that Mr. Sellers make the first statement to be followed by Mrs. Redford. This request was granted by the court. There is a direct information charging Mr. Sellers with subornation of perjury and the court instructed the witness that he did not have to incriminate himself on this charge. Upon being questioned by Attorney Shaw, District Attorney Trowbridge and the court, Mr. Sellers made the following statement.

I came here of my own accord and expect no reward or immunity for telling this story. I have lived in Cripple Creek six years and I have known Mrs. Redford for some time. She resided at No. 270 Bennett avenue and I roomed in the same block. To the best of my knowledge she was not away from that house any night between January 14 and January 18. Just previous to the trial of Kuykendall and Lake, Mrs. Redford and Miss Grace Kuykendall came to my room and Mrs. Redford told me she would be a witness in the case. I advised her not to get in trouble. On Saturday night I went to General Engley's office to see her, knowing she was there. At Mr. Engley's office and in his presence Grace and Mrs. Redford asked me to go upon the stand and testify to an alibi. I refused, stating that I would not perjure myself. Mr. Engley and the girls then prevailed upon me to get a witness to testify to the alibi. I got Carl Killam and took him to General Engley's office and introduced them to each other. Previous to going to the office I told Killam that Engley wanted to see him and that there was money in it for him. Mr. Engley made a date with Killam for the next morning. I was present the next morning and Engley told Killam he wanted a witness to swear to an alibi. They talked over plans and arranged the testimony as it was given upon the stand. Upon request of Mr. Engley Killam brought two other men, Maxwell and Wimberly. Mr. Engley after instructing these two men as to what to say, told them that they were to have $25 apiece when they had finished their testimony. Mr. Engley put $75 into my hands in trust. I paid $25 of this to Wimberly. My instructions from Mr. Engley were to pay $25 to each of the three men after the evidence was in. Mr. Engley gave me these instructions in his office Monday morning."

Upon cross-examination Mr. Sellers stated that Mr. Engley was partially intoxicated during the time he was in conversation with him. He further stated that Miss Kuykendall, her sister and Mr. Engley were drinking when he to describe Friedenstein. The witness then told how the alibi was manufactured and how the three witnesses were to describe Friedenstein. The witness stated that Attorney Hodgson was not present at either of the two meetings. Wimberly got his $25 and said he was going to "hike" out, as Maxwell and Killam were arrested. Mr. Sellers stated that he had spent the balance of the money.

Mrs. Rose Redford was then put upon the stand to testify as to her whereabouts on January 15. Upon the stand in the Kuykendall case she stated she was at Kuykendall's home upon this night. Mrs. Redford had a very poor memory and could not remember where she was on January 15, but stated that she was at the Kuykendall home one night during the middle of the month of January. At the conclusion of the hearing the bond of Mr. Sellers was reduced to $2,000 and he was notified not to leave Teller county.

Sheriff Robertson today levied upon the property of the Detroit Reduction company to satisfy a judgment of $18,000 held by a Detroit trust company, now in possession of the bank of which F. C. Andrews was cashier. The sale of the property of the Detroit Reduction company, located near the town of Independence, will take place on April 2.

William R. Davis, who was found guilty of horse stealing in the district court last evening, was this morning brought into court and sentenced by Judge Seeds. Davis was given a term of not less than three years nor more than five years in the state penitentiary at Canon City. In the course of the afternoon Davis was brought into court again to plead to another charge, that of stealing a horse from C. A. Burch of Cameron. To this count Davis also pleaded guilty and was sentenced to from five to seven years in the penitentiary, but this sentence was suspended. Sheriff Robertson will take the prisoner to Canon City tomorrow morning.

The jury in the case of the people vs. W. S. Amalong failed to agree and was discharged by Judge Seeds this morning. The jury had had the Amalong case under consideration since Tuesday evening. Amalong is charged with stealing a horse, the property of M. W. Woods.

The case of the people vs. John and Harry Buzanes was commenced this afternoon before Judge Seeds in the district court. The room was crowded with spectators and a great deal of interest is being manifested in the trial of the Buzanes brothers, charged with assault with intent to kill Nicholas Ravedy on January 7. District Attorney Trowbridge is being assisted by J. J. McFeeley, while ex-Judge E. C. Stimson and D. P. Wilder are defending. On account of an error in the original information a new complaint was sworn to this morning charging Buzanes with the same offense as the original one did. A jury was secured late this afternoon and the taking of evidence will be continued tomorrow morning. It is alleged that the Buzanes brothers beat up Ravedy while L. J. Cella and the latter were serving a subpoena upon Gus Polis, living on Grass mountain. Polis was wanted as a witness in the Cella-Buzanes trial for defamation of character, and Ravedy had accompanied Cella to the Greek colony on Grass mountain to act as interpreter between Cella and Polis. Cella escaped being assaulted only by fast running.

William Sterling of Gillett was declared insane by a jury in the county court today and will be taken to the Pueblo asylum tomorrow.

Charles Anderson was granted a divorce in the county court today from Mary Anderson. The grounds were extreme cruelty. The case was filed and tried and the verdict returned within 20 minutes. Both parties to the suit live in Cripple Creek.

The money demand suit of Tom Blue vs. C. A. Pilgrim afforded much humor for spectators in Justice Herrington's court this afternoon. The two parties to the suit are colored men and Blue sued to recover a crap table valued at two dollars and six bits from Pilgrim. Attorney Denny appeared for the plaintiff, while Defendant Pilgrim pleaded his own case. After a lengthy consideration the court entered a judgment for the plaintiff.

The case of Lewis Sherman and H. Seligman, doing business as Sherman & Co., vs. James Meskew was recorded in the county court this morning on return trip from the judgment court. The suit is a money demand involving $256.31.

Florence O. Stone of Cripple Creek today recorded a deed conveying to William S. Osborne of Victor lots 10 and 11, block 13, Hayden Placer subdivision to Cripple Creek. Consideration named was one dollar.

A transcript of judgment in the case of C. P. Bentley vs. the Lipton Gold Mining Co. was filed today with the county clerk. The amount of the judgment is $424.50.

Location certificates were filed today for the Mossback placer by John F. Sholes and John W. Wheeldon; the Hercules, Sarsfield and Achilles claims by Guy Morris and John Thler.

A notice was filed with the county clerk and recorder today to the effect that Linus E. Sherman of Colorado Springs is the owner of the Savage lode No. 8191, embracing ground in conflict with the Gettysburg and Minnehaha lodes.

Lot 3 of block 2, Capitol Hill addition, and lot 26 of block 21 in Cripple Creek were sold by the sheriff today to satisfy a judgment of $70 obtained by Martha K. Chilcott from E. M. Chilcott.

A United States patent was issued today for the Joe Zanone and Sinclair lodes to L. J. Cella.

### "COFFEE HEARTS."

**More Frequent Than Tobacco Hearts.**

Coffee drinking frequently affects the heart and many cases of heart trouble are relieved or entirely cured by leaving off coffee and taking on Postum Food Coffee.

A good illustration is that of a lady who says: "I was troubled, for many years, with my heart and at times would become unconscious. The children have many times run for the neighbors to come in and restore me by putting my feet in hot water and rubbing me.

"Dr. Stort frequently told me that coffee was a poison to me and was really the cause of my weak heart. I could not do without the coffee though, but finally the doctor told me it was certain death if I did not give it up. This was about five years ago and I changed from coffee to Postum Food Coffee. My heart trouble gradually disappeared and now I am entirely well, have never used a particle of coffee since my first cup of Postum.

"I gave a little Postum to a lady friend one day to take home and try. She reported that she did not like it at all. I found she boiled it only five minutes, so I gave her some more and told her to boil it 20 minutes. That was different. She has been using Postum now a long time.

"It cured her daughter of liver trouble, restored her fresh, pretty complexion, and cured the mother from headaches from which she suffered severely." Mrs. M. Douglass, 607 Plum St., Elkhart, Ind.

**Consider.**

Consider well your actions,
What's done you can't recall;
No use to pull the trigger,
Then try to stop the ball.
—George Hyde in March Lippincott's Magazine.

## NEWS NOTES FROM VICTOR

### Quinn Home From Thunder Mountain—Hospital Will Soon Be Completed.

Victor Bureau
Colorado Springs Gazette.

Victor, March 20.—Joe Quinn of this city returned this morning from the Thunder Mountain district in Idaho, where he went with John Graham and August Helin on March 11. Mr. Quinn talked freely of his trip and imparted some useful information to prospective emigrants to that section. "We went as far as Red Rock, Mont.," said he, "on the Oregon Short Line, and from this point we staged to Salmon City, a 70-mile trip. The trip required two days' time, and five changes of horses were made en route. A stage runs daily accommodating about 20 passengers. Salmon City, the supply point for Thunder mountain, is booming just now, although the price on commodities is not exorbitant. Board and meals are cheap in this town. The stage line runs to Forney, a point 40 miles from Thunder mountain, and the last part of the trip must be made over a treacherous trail. We met Dr. Latimer and Elof Erickson of this city, and W. J. Hurley and W. H. Craigue of Altman.

"Thunder mountain is a 'long shot.' It is all chance and no positive or reliable information as to the real value of the ore deposits of the new camp can be obtained.

"A 19 mule train left Salmon last Saturday for Thunder, but in progress was impeded at Leesburg pass by a fresh fall of snow, compelling an immediate return to Salmon City."

Mr. Quinn does not think the new excitement will prove of much importance until the railroads get into Thunder mountain, the altitude of which is about 5,000 feet.

The board of directors of the Record Printing & Publishing Co. met last night and elected officers as follows: George E. Kyner, president; A. O. Miller, vice president, and John J. Greenwalt, secretary. The three officers are also directors.

When the Record was sold by Frank M. Briggs to the present owners, it is understood that there was a stipulation that the paper would remain Republican. It is understood that Mr. Kyner was advised by his attorney of this stipulation. Mr. Briggs is at present in California and what action he will take is not known.

Victor's new hospital will be located in the fourth story of the Bank block, on Victor avenue and Fourth street. The hospital will be one of the best equipped of its kind in the state, and patients will have the advantage of the best scientific treatment and care. Victor has always needed a hospital on account of the liability of serious accidents in this vicinity, and in many cases those injured too seriously to be moved have had to undergo the long ride to Cripple Creek in order to receive the proper surgical attention. It is expected that the hospital will be finished complete within five or six weeks.

The advance sale of seats for the opening of the opera house has been large. There will be a splendid house at the production of "The Parish Priest," by Dan Sully, tomorrow (Friday) night. People from all parts of the district will be in attendance and a special train will be run from Colorado Springs. The interior of the new building is profusely decorated and attractive colors have been secured in the general design. The scenery is all newly painted. The opera house has been completed at a cost of close to $60,000.

About midnight last night the fire department was called out to put out a blaze at the home of Sam Walker, No. 708 West Portland avenue. The department soon had the flames under control, but not before the interior of the house had been gutted, entailing a loss of about $1,000, partially insured. The origin of the fire is not known. Mr. Walker is a blacksmith employed at the Portland property.

John Huff and Gus Appel left tonight for the Thunder Mountain district via Salmon City.

Alva Perry, formerly of this city, is up from Colorado Springs on a few days' visit.

**Excursion Rates**

To all southern and southeastern tourist points, also Ft. Worth, Texas, via Rock Island route. Full particulars at City Ticket office, No. 2 Pike's Peak avenue. 'Phone 78. W. W. Wood, general agent passenger department.

Strength Building

Is easy if you go the right way about it. Good food is essential, but as a stimulant and blood-maker use good

Wines

We carry in stock all the noted French and California wines; in fact our stock is the largest in Colorado Springs. The quality is beyond question and the prices very reasonable.

## NEWS NOTES FROM PUEBLO

### Pueblo Driving Club Elected Officers—Contract for Pope Building.

Pueblo Bureau,
Fariss Hotel
Colorado Springs Gazette.

Pueblo, March 20.—The Pueblo Driving club met last evening at the Business Men's association rooms and elected the following officers: Dr. A. T. King, president; J. Will Johnson, vice president; T. H. Devins, secretary; George Newton, treasurer; board of directors, A. T. King, J. Will Johnson, T. H. Devins, George Newton, E. F. Ford, J. H. Voorhies, J. M. Gray, John Nerz, H. Birch, J. H. Thatcher. On April 5 and April 19 they are going to give free races to which all are invited. May 3 they will open the track and give the first race of the reason. The racing committee is as follows: John Myers, J. Fitzpatrick, P. Glousteau.

Meston & Co., the investment and real estate firm today stated that contract has been awarded to Richardson & Campbell, Pueblo contractors, for the new Pope building to be erected on Fourth street opposite the Opera house. Foundation work will begin tomorrow. The building is to be ready for occupancy October 1. This is to be a $50,000 investment, comprising three stories and a basement, 75-foot front on Fourth street by 110 feet, leaving an alleyway between this building and the new building on the corner of Fourth and Main. The first floor will be occupied by the Saddle Rock restaurant and Douden's oyster house. On the second floor will be 32 office apartments and the third floor will be entirely occupied by the Pueblo camp No. 2, Woodmen of the World, numbering 1,200 members.

A meeting of the school board directors of district No. 20, was held at the Western National bank at 5 o'clock this afternoon. The board is composed of the following members: W. L. Graham, O. W. Mallaby, R. W. Corwin, E. P. Minnis. A resolution was passed to erect a seven or eight room school building in the Minnequa addition. The new building will be ready to be occupied September 1.

One of the most unique propositions of recent origin is the Co-Operative Home Security Co., a new company just started here. The promulgators state that they have simply attached business methods and business ideas to co-operation. The officers of the company are all well-known Pueblo men.

In the United States land office today mineral application was recorded for Snowshoe No. 1 lode, Cripple Creek district, Charles Rockafellow et al., claimants, of Victor; Cliff lode, Cripple Creek district, Lena Pargett, claimant. Receiver's final receipts were issued for Mike Sutton lode, the Last Show lode and the Copperopolis lode, Greenhorn Mining district, Fremont county, to the Copper King Free Gold Mining & Milling Co., of Canon City. The Joker lode, Greenhorn Mining district, Fremont county, to the Joker Mining & Milling Co. The Wishbone, Vee and the U. U. and F. F. lode, Cripple Creek district, in the vicinity of the celebrated Independence mine, to W. S. Stratton, Colorado Springs.

### FLORENCE

Special to the Gazette.

Florence, March 20.—There is labor trouble at the Portland cement works. About 20 stone masons were employed laying the foundation for the big works, 10 hours constituting a day's work. A walking delegation of the stone masons union waited upon the men and demanded of them that they work only eight hours per day. The management of the factory was given notice of the occurrence and the men were all paid and discharged today. Each man was allowed $5 per day for 10 hours work. The company claims to be loser to the extent that a lot of mortar was mixed ready for use and this has become hardened and unfit for use.

If oil is struck in every well that is being drilled at present in the Florence field, the production will have been increased about 500 barrels per day within the next 40 days. The United Oil Co. has four strings of tools at work in different parts of the field. The Florence Oil Co. has two, the Rocky Mountain one, Columbia Crude Oil Co. one, Keystone Oil Co. one, Colorado Springs and Florence one, and the Columbia Oil & Development Co. one. The field is more active at present than has been the case for years. Besides these, there are a number of companies preparing to drill, including the Florence Consolidated which will drill three wells, having two derricks built, and the Florence-Debeque and Senator Oil companies, both of which have secured ground.

H. E. Stock returned this morning to the Charter Oak ranch on the Fountain creek near Colorado Springs, where drilling for oil for a Colorado Springs company is in progress. Mr. Stock is considered authority on oil matters here and says that the body of salt water that the company has struck at a depth of 160 feet is considered one of the very best indications of oil.

**COLORADO MIDLAND EXCURSIONS.**

To all points in California $25.00, two trains a day. Colonist rates to all points in the northwest.

Beginning April 22d, first-class fare to all California points with stop-over privileges and good long limit, $40.00 round trip.

March 18th, April 1st and 15th and May 6th and 20th to all points in California $47.00, limit 21 days from date of sale.

Call at city ticket office, No. 13 North Tejon street, and all information will be cheerfully given.

When in Need of Furniture, Draperies, Etc.,

## SECOND CAR OF OIL FROM McKENZIE WELL

Special to the Gazette.

Boulder, March 20.—The McKenzie shipped to Florence the second car of oil this afternoon and pumping is still continuing in a very satisfactory manner.

The lost drill in the Martin well was easily fished out last night and drilling continues. Manager Rathvon feels very confident over the outlook and oil in the Martin may be a reality any time. The steel tape has arrived and the well may be accurately measured tomorrow.

Among the prominent visitors at the wells today were A. L. Doud and R. S. Sabzer, both from Denver.

Drilling is progressing rapidly at the Sanborn well near Fort Collins also at the Williamson farm southwest of Longmont, and there is general activity throughout the field.

The Oil Well Supply Co. expects a carload of tools tomorrow which should have come today, but owing to the congested condition of freight traffic around Pittsburg, it has been delayed. However, they expect enough machinery within the next 10 days to fill all orders.

A new company is the Big Five Oil, Gas & Coal Co., which has been organizer under Colorado laws. It is capitalized at $500,000 at $1 per share. The officers are W. B. Frobess, president; I. N. Crawford, vice president; L. F. Randolph, secretary; R. J. Lipe, treasurer and C. A. Hall, manager. This company has altogether over 200 acres of land in different parts of the Boulder field.

## SLOW PROGRESS ON RIVER AND HARBOR BILL

By Associated Press.

Washington, March 20.—The house today made very slow progress on the river and harbor bill, disposing of only 30 pages and leaving 50 pages still to be considered. The river and harbor committee again today succeeded in defeating every amendment offered.

Several minor committee amendments were adopted. Mr. Robertson of Louisiana, offered an amendment to appropriate $2,500,000 for the improvement of Havana harbor.

Mr. Burton in charge of the bill immediately made a point of order against the amendment. Mr. Robertson contended that such an appropriation would relieve the depression said to exist in Cuba and in addition would do much toward freeing our southern coast from the danger of yellow fever infection from Cuban ports. He thought the expenditure of this sum would help Cuba much more at this time than a 20 per cent. reduction on the products entering United States ports.

The amendment was ruled out on the point of order.

Mr. Bellamy of North Carolina, offered an amendment to appropriate $250,000 for the Cape Fear river above Wilmington. It was lost, 31 to 61. In speaking to the amendment, Mr. Bellamy referred to the prospective investigation of southern election laws, deprecating it as an attempt to revive sectional strife and ill feeling. The south, he said, had reached a solution of its difficulties after many years, when this proposition was advanced which would undo all that had been accomplished toward establishing peace and prosperity. The south, he said, was sick and tired of sectional strife. Her people loved the union and were proud of its achievements and heroes. He asserted that for sinister purposes some members on the other side were again sowing the seeds of discord and he appealed to the conservative, fair-minded men of the Republican party to vote down a proposition fraught with so much evil to the south.

The house at 5:15 p. m. adjourned until tomorrow.

## WANT TO LEASE TO INTERURBAN COMPANY

By Associated Press

New York, March 20.—At a special meeting of the stockholders of the Metropolitan street railway today the proposition of the directors to lease the property of the company to the Inter-Urban Street Railway company which guarantees the payment of seven per cent. annually on the capital stock of the Metropolitan Street Railway company was ratified by a large majority vote.

The proposition of the directors to issue a mortgage upon the property and franchises of the company to the Morton Trust company as trustee to secure an issue of $65,000,000 four per cent bonds to mature in 2002 and to bear interest from April 1, 1902, was ratified. Of these bonds $54,000,000 worth are to be reserved to retire and refund the several issues of existing bonds as they mature or to refund in advance of maturity such bonds as can be acquired either by purchase or exchange.

Isidor Wormser, Jr., filed a suit in the supreme court today asking that the lease of the Metropolitan Street Railway company to the Inter-Urban Street Railway company be declared null and void. Wormser said he sued as holder of 1,000 shares of stock in the Metropolitan Street Railway company and also in behalf of any other stockholders who might wish to join in the suit. He declared, in the complaint, that the lease was a scheme to divert the property of the company from its stockholders.

## SALT LAKE TO LEAMINGTON.

By Associated Press

Salt Lake, March 20.—Work on the Salt Lake-Leamington cut-off of the Oregon Short Line was commenced today. The cut-off will run from Salt Lake to Leamington on the present line of the road in southwestern Utah and will form part of the main line of that road in the extension to Los Angeles, Calif. The building of the cut-off will, it is figured, result in a saving of about two hours in running time as besides the shortening of the line by 17 miles, two extremely heavy grades existing on the present line will be avoided. The line will run past Garfield Beach on the south shore of the lake, through the Ophir mining district, thence almost directly south, a total distance of 110 miles.

## ANACONDA

Special to the Gazette.

Anaconda, March 20.—A letter has been received here from D. M. Mercer and W. J. Hurley, formerly of this town. The two men are now at Boise City, Idaho. They write that thousands of men are congregated at that point waiting for the snow to melt so that they can make the trip into the Thunder Mountain district. Mr. Mercer and Mr. Hurley state that they expect to make the trip on snow shoes within the next few days.

Work upon the F. & C. C. spur to the lines upon the west slope of Beacon hill is progressing rapidly. Quite a number of men are now employed on the grade.

Mrs. Smith and daughter Maud returned last night from a visit to Salida.

Miss Laura Wintred, who has been visiting here for the past week left this afternoon for Hartzell, Colo.

James J. Cone returned to his home in Canon City last night after a visit here of several days looking after his mining interests.

ONLY DIRECT LINE EAST

## OPENING THE BASEBALL SEASON.

THERE is some difference of opinion as to what constitutes the opening of the baseball season. Some persons hold that it must be when the first regular game between the league teams is played. But there are certain informal or practice games, some of which will be played in Colorado Springs and others in Denver, and other baseball experts declare that these must be taken into account as part of the season. Then there are the practice games to be played in advance of the other practice games already mentioned, and there is good ground for the contention that these, too, are a part of the baseball season. Outside of the league, there are other ball teams, and some of these begin operations before the Millionaires and their colleagues get to work.

Then there is the small boy who does not belong to any league, but who gets just as much fun out of the baseball season as anybody else, and very likely a good deal more. The small boy ought to be considered, but if the baseball season is to date from the time when the first small boy gets out into the street with a ball and bat, it will have to begin in this climate very early in the morning on New Year day, and it will continue until the afternoon of December 31.

But whatever date may be set for the opening of the season, it is very evident that the season is about to open, if it has not already done so. The small boy is more and more in evidence. The Millionaires are beginning to practice as individuals, though not yet as a team. The Colorado College Tigers yesterday afternoon played a game with a team from Colorado City on Washburn field. From now on events will develop rapidly in the baseball world, and soon those who are interested in this form of sport will be watching the newspaper columns and haunting the bleachers with all their old-time interest and frequency.

Baseball is a good game; it takes people out into the open air, distracts their attention from business cares and family worries, encourages the young in healthful exercise, and it is free from most of the objectionable features that are apt to cluster around too many forms of sport.

Colorado Springs expects to have the most successful baseball season that this city has ever known. We hope that the Millionaires will win the Western league pennant, that the Tigers will secure the college championship, that our High school team will come off victorious over all opponents, and that the city amateur league will make the best record of any similar organization in the country. Possibly this is claiming too much from Fate, but we do not wish that anyone should blame us for not sending in a large enough order at the beginning of the season.

## NAVAL ENGINEERS.

THERE has been a discussion pending for a long time as to whether the engineer officers of the navy were entitled to as much honor and pay as those who direct the course of the ships or command the crews in battle.

A new aspect of the old question is brought into prominence by a writer in the North American Review for March who calls attention to the necessity that the commander of the ship should have a practical knowledge of engineering, sufficient at least to insure the keeping of the machinery in a state of highest practical efficiency. The example is cited of the Oregon which, because possessed of an engineer of high ability, was able to make the great trip from San Francisco to Florida without accident, arriving at the end of the 15,000-mile cruise with engines in perfect condition, and which when the Spanish ships came out of the harbor at Santiago was ready with boilers and engines for the task of running and fighting. In contrast with this it is pointed out that many of the other ships, when the crucial moments came, had engines uncoupled and boilers without fires.

"The Brooklyn, nominally of over 21 knots speed, was able to use only half-power because her forward engines were uncoupled and time could not be spared to connect them; besides, half of her boilers were out of use, some of them not only having neither water in them nor fires under them ready to kindle, but actually having manhole plates off. A similar condition of affairs existed on all the other vessels in the squadron except the Texas. While the trip of 14,500 miles would of itself have distinguished the Oregon, her celebrity is really due to her magnificent speed during the battle, immediately following this long trip."

Such a condition of affairs could not exist if the officer in command of the ship felt that it was as much a part of his duties to see that the engines and boilers were kept in a state of highest efficiency as to see that the guns were in good order, and the men of the crew properly instructed in their duties.

The chief value to the navy of a little war like the one with Spain should be the learning of lessons that will be of advantage to it in case of a more important contest. One of these lessons undoubtedly was the necessity for more attention to the engineer department, and the training of commanding officers in this line of work. The article in the North American Review that has been referred to properly deserves the attention of the navy department, and the evil there set forth should be remedied, either by the enforcement of legislation now neglected, or by the enactment of new laws as may be necessary.

It is creditable to King Edward that he should remember the poor on the occasion of his coronation and should serve a banquet to 500,000 of them. But what shall be said for the nation that can bring a half million acknowledged paupers to the coronation feast of its king?

## HOW BUSINESS GROWS.

THE BUSINESS growth of the city comes about in two ways. There are always men of capital and enterprise looking for favorable locations to establish new business houses. Clerks who have been successful in working for other people are anxious to go into business for themselves, sons desire larger opportunities than were possessed by their fathers. Old firms occasionally break up, or those who have been successful in business in other places find it necessary to make a change, on account of the health of themselves or of some member of their families. All these things operate to the advantage of a lively and growing city like Colorado Springs, and all the more so when it is possessed, as this one is, of special attractions in the way of climate and scenery. It frequently happens that the best business opportunities are seen and grasped by the new comers, but on the other hand, there are always a number of established business men who are ready to take advantage of increased city growth by enlarging their business, and are possessed of sufficient capital to do so. In such a town as Colorado Springs, where the business men are not inferior in intelligence and enterprise to those of other cities, there is an unusually large class of this kind, and it is one of the pleasant features of the Colorado Springs business world that many of those now prominent in business circles have been here since the early days of the town, and have grown with the town itself.

This is especially notable in the dry goods business. Messrs. Giddings Brothers, who now occupy the larger part of the handsome Giddings block, were among the earliest business men of the city, and their business success has been commensurate with the growth and prosperity of the city. The same may be said of the Johnson & Wilbur Mercantile company, whose manager and principal owner has been connected with the dry goods business in Colorado Springs for a time of which the memory of man runneth not to the contrary. From small quarters this establishment has grown to occupy several large storerooms, and with each addition there has always followed an increasing trade which has continued the demand for larger accommodations.

Still another instance of the same kind is to be found in the case of Kaufman Brothers. Not so very many years ago there came to this city one of the numerous class of health-seekers whose business experience and enterprise were much beyond his physical strength. He planned a business venture that was at that time new to this city, and in developing it brought to bear an unusual amount of energy and good sense. The Kaufman Department store from its beginning was one of the most liberal advertisers in the city, and it quickly drew the attention of a large number of permanent as well as transient customers. Almost from the beginning, contrary to the predictions of many, the department store became a success, and the business has been a constantly increasing one ever since. Now it is announced that on May 1, Kaufman & Co. will take possession of the entire building of which they now occupy a part, and that they will spend $10,000 in fitting it up for their business purposes.

It has been apparent for some time past that there was an opportunity in the city for a larger department store than any that is now conducted here, and Kaufman & Co. show good judgment in taking advantage of the opportunity, rather than letting it pass to a new comer, while the announcement of their enlargement gives another proof of the confidence shown in the future of this city by its own business men, who are best able to judge of local conditions and prospects.

## DODGING THE REPRESENTATIVES.

THE NEW YORK Evening Telegram recently suggested that there might be a way of securing the admission of Cuban sugar to this country without consulting the representatives of the people in the lower house of congress. According to this suggestion the senate and the president might conclude a treaty with Cuba embodying the concessions which certain eastern interests are so very anxious to have made, and as treaties do not require to be ratified by the lower house of congress, the president and the senate might, if they were so disposed, ruin the beet sugar industry and give to the sugar trust all the advantage that would come to it from free trade in Cuban sugar.

It is a very interesting question of constitutional law whether the treaty-making power would have the right to overrule in this way a tariff law passed by congress. But whatever their legal power may be there is little danger that the senate and president will do anything of the kind proposed. Public sentiment is still the great working force in our political affairs and the treaty-making power is not likely to adopt an unusual method of forcing through a measure that is objectionable to the representatives of the people.

The Telegram's suggestion is chiefly interesting as showing the lengths to which some persons would be willing to go in the effort to help the sugar trust in opposition to the interests of American beet growers and in direct violation of positive promise made by the Republican party.

## THE FRANCO-RUSSIAN ANSWER.

THE ANSWER made by the governments of France and Russia relative to the Anglo-Japanese convention was published yesterday in the Official Messenger of St. Petersburg. It adds nothing to the knowledge of the situation already possessed by the world at large, and it cannot be considered as indicating anything in regard to the future course of events. There is in it no threat of anger against England and Japan, but on the other hand, there is no intimation that Russia will do anything else than pursue her own selfish interests as long and as far as she thinks she can do so with safety. The statement that the Anglo-Japanese desire to preserve the integrity of the Chinese empire and the open door meets with Russia's hearty approval, and is entirely consistent with Russian policy, must be interpreted with due regard for what is known of Russian interests and actions in the recent past.

The coupling together of the names of Russia and France is to be taken as fresh evidence of the close alliance of these two powers in everything that concerns Asiatic as well as European politics. Russia gives notice to all concerned, that in any contest that may arise in regard to China she will have the assistance of the French army and the French navy. This makes even more evident the probability as stated in these columns recently, that if war should arise in north China, it will be a most terrible and far-reaching contest, involving not only the future fate of China, Korea and Japan, but also that of the nations of Europe.

"A considerable portion of New Mexico," says the Troy Record, "is about as worthy statehood as Puerto Rico." Possibly it would have come nearer the truth to have said, "as a considerable portion of New York."

The United States senate has passed the bill for a public building at Colorado Springs. It is to be hoped that the house will be more considerate of us than it has been in former sessions.

People who have the notion in their heads that baseball in Colorado Springs is to be something on the order of last ... speedily get rid of the idea. Such ball as the Western will put up this year has never been seen in the west. All the teams are backed by moneyed men who are in it as a business. In this city for instance the expenditures will represent an investment of $30,000 cold cash before a single game is played. Mr Burns paid $4 00 for the franchise, $16,000 for the grand stand and ten ... will cost fully $5,000 ... general expenses for ball suits, traveling, board of men and a hundred other things will bring the outlay up to the figure named.

# How One Jury Reached Verdict

In a motion for a new trial in the case of Elmer F Snider against the Colorado Midland Railroad company, filed in the district court yesterday, Attorney ... for the defendant states that ... verdict for the plaintiff was reached ... unfair methods ... damages ... being alleged that the ... sparks from a locomotive ... the Midland nearby ... new trial states that the verdict was reached by each juror ... amount of damages he ... the plaintiff ... added and divided by 12 ... the verdict. This ... the defendant's attorney ... fair and impartial verdict ... jury was sworn to render. It is said that the verdict was reached in a hurry because the members of the jury did not care to spend Sunday and Sunday night in the county jail in the quarters provided for them.

The motion of Attorney George Gardner to increase the amount of damages in the case of Annie L Farrier against the Rapid Transit company was argued and taken under advisement.

A cross complaint was filed in the district court by the defendants in the case of Ira E Johnson against M Kinney and the Kenney Dunn Investment company. The defendants make a demand for $900.

A return of the writ of injunction served on the county commissioners and treasurer of Cheyenne county in the suit begun against them by W J Adams was made yesterday.

## SEEK DIVORCES FOR ALLEGED DESERTION

Two divorce suits were filed in the county court yesterday, one by a husband and the other by a wife, each demanding that marital ties be broken because of desertion.

L L Bruce began suit against Florence Bruce alleging that his wife deserted him 10 years ago. They were married in Fargo S D in 1889 and have no children.

The other suit was brought by Mrs Phoda Brown against L Abner Brown. They were married in Topeka Kas in 189 and have one child, Archie, aged ... years. Mrs Brown says her husband deserted her over a year ago and has not furnished the family with any means of support.

## Wise Women Use the Great Spring Medicine

### Paine's Celery Compound

### Is the Only Remedy That Can Provide for the Increase of Red Corpuscles in the Blood.

From every section of the land from Maine to California strong and well attested reports of women bloodless nervous dispeptic neuralgic rheumatic and run down and in many cases so weak as to be bedridden who have been enabled to resume their places in the family and in social life enjoying health vigor and true happiness all through the aid of that great blood purifier blood maker and health giver Paine's Celery Compound.

When Paine's Celery Compound is used the rapid change in color flesh and expression of the face is so marked and observable that repair of the wasted tissues might well be called a renewal of life.

Paine's Celery Compound is the only medicine that can effectively increase the proportion of red corpuscles in the blood, this ... source of power over all blood diseases, rheumatism, neuralgia, kidney and liver troubles, dyspepsia, indigestion and general run down condition.

Mrs Martha P Lunceford, a well known and popular lady of Crawfordsville Ga, grateful for her cure by Paine's Celery Compound, sends the following letter for the benefit of all suffering women:—

"I think it is my duty to let you know about the wonderful work Paine's Celery Compound has done for me. I have been sick for the past fifteen or twenty years with dyspepsia, heart and stomach trouble and rheumatism and so many diseases that I can't mention them all.

"As for sleep I didn't know what it was to have a good night's sleep and would roll and tumble and sit up in bed half the night. The second night I took Paine's Celery Compound I went to bed and slept all night. You don't know how much better I felt in the morning. I have not lost a night's sleep since I have been taking Paine's Celery Compound. I don't know in what words to thank you for Paine's Celery Compound. It is worth its weight in gold."

### UNFORTUNATE CASE OF WM WOODWARD IN COURT

### He Became Violent Wednesday and Attacked His Wife—March Case Is on Trial

William Woodward, a middle aged man living with his family at No 18 West Fountain street, was declared insane by a jury in the county court yesterday. He was committed to the county jail by Judge Orr until there are accomodations for him in the state asylum.

Woodward according to the testimony has been mentally unbalanced for over a year and has recently become violent. On Wednesday he attacked his wife striking her on the head with his fist. He was taken into custody yesterday morning as it was feared he might kill either his wife or children.

The trial of the case of March against the Colorado Springs Transfer company, a suit for $300 damages, was on trial in the county court yesterday. The trial will be resumed this morning. March says he gave the company 10 horses to break in and that only eight were returned to him. He says the others died and demands the value of the two animals.

Letters of guardianship were granted in the estate of Frederick S Fechheim er to Jacob S Fechheimer by Judge Orr yesterday.

## TO INVEST CAPITAL IN OLD MEXICO

A copy of the articles of incorporation of the Guanajuato Power & Electric company was filed yesterday in the office of the county clerk. The principal office of the company, which is capitalized at $5,000,000, is to be in this city, most of the capitalists interested being Colorado Springs men.

The company has been organized to operate power plants and street car lines under a franchise granted in 1897 by the Republic of Mexico to Francisco Garcia and Carlos M Rubio. The franchise gives the right to build an electric plant and street car lines in Guanajuato Mex.

The members of the board of directors are Charles A Coffin, John Hays Hammond, John S Bartlett, Leonard E Curtis, Henry Hine Irving W Bonbright and Horace G Lunt.

## JURY DISAGREED IN WHITSEL CASE

After being out for 27 hours the jury in the trial of W C Whitsel's suit for $10,000 damages against the city was unable to reach a verdict and was discharged in the district court at 9 o'clock last night. The jury retired at 6 o'clock Wednesday evening.

Whitsel was driving across the Huerfano street viaduct one night about a year ago when his horse became frightened by smoke coming up through the tracks of the bridge from an engine on the railroad underneath. The horse ran away and Whitsel was thrown out and injured. He claimed damages because he said the accident was due to the negligence of the city in not keeping the viaduct in proper repair.

# Unity Club Discusses Forms of Amusement

The regular meeting of the Unity club was held last evening to discuss the question of "Amusements," divided into sub-topics including state and endowed theaters and other forms of diversion and entertainment. The paper was presented by Mr George D Galloway dramatic critic of the Gazette and covered the subject from the viewpoint that the drama is one of the most important forms of amusement because its effect on character, depraving or elevating is more potent than any other kind of pleasure.

The paper treated of the place which amusement in general has in the life of a people and showed that the moral status of nations has always been gauged by the kind of amusement which satisfied the people and found in great drama a source of not only entertainment but of inspiration as well. The possibility of either state or endowed theaters in this country at the present time however was found to be remote, people not yet being ready for the production in these theaters of the kind of plays which would be beneficial. It was shown that the health of a nation had a vast effect on the character of their amusements and that a robust people always demanded a wholesome form of amusement and art and a healthy drama. As a means of getting good plays Mr Galloway contended that it rested entirely with the theater-goers, who if they did not patronize bad plays would be given opportunity to patronize good ones and that the only way to create a sentiment in favor of good plays was for each person to see that he really enjoyed the best and then to communicate his enthusiasm to others.

The discussion was opened by Mrs Solly who spoke of beginning with the children—allowing them to see only the best plays. Several others took part each one recognizing the harm resulting from demoralizing forms of amusement and the great good which will result from healthy activity and a sincere artistic enjoyment in the best things of life.

The next meeting of the club will be held April 3 when Social Ideals will be considered, the paper to be presented by Mr Ehrich.

# Slot Machines Are Made Defendants

By an order of Judge Cunningham four nickel in-the slot machines were made defendants in criminal actions in the district court yesterday. The machines which were confiscated several days ago in Colorado City, were formally arraigned in court and their cases will be tried next month.

The machines were seized in Colorado City cigar stores by deputy sheriffs upon orders of Deputy District Attorney Black who declared that they were used for gambling purposes. They were seized under the statute which declares that all gambling devices may be seized, and if proof is offered that they are gambling devices they may be destroyed by order of court.

Two machines were seized in George Riter's store and one each in places run by Joseph Finn and J C Lang. Mr Black appeared before Judge Cunningham yesterday and asked that the trials of the machines which are formally accused of being gambling devices be held at an early date. The cases were set for April 28 and if proof is offered that they are gambling devices they will be ordered destroyed. The order in each case is entitled "The people of the state of Colorado vs One Nickle in-the-Slot Machine"

# AMUSEMENTS

### "THE PARISH PRIEST"

The story of "The Parish Priest" announced for the Opera house tomorrow evening is one of life with its hopes, disappointments and smiles not a religious story for Father Whalen is rather the man than the priest. In no act or situation does he allude to creed but to what is human and good in every man or woman, regardless of their religious belief.

He takes the tangled skeins and knotted threads of the lives of his friends and with his shuttle of goodness and charitableness weaves them into a cloth of happiness.

The play tells no complicated story. A mistake is made an ambitious youth, blinded by his love for the good things of life forgets the girl to whom he is bound by the ties of honor and his act is the cornerstone of the interesting incidents which follow.

Act I is the lawn of the home of Dr Thomas Cassidy who this day turns over his practice to Edward Welsh, who has just graduated from a medical college, for which he was fitted by services in the office of Dr Cassidy. The latter has a daughter, Agnes who is engaged to be married to Frank Dougher a young attorney but her father hopes she will marry Dr Welsh whom he loves as a son. Welsh is engaged to Helen Durkin, unknown to Dr. Cassidy and Welsh, in his desire for wealth, accepts his friend's daughter, when she in a moment of anger, quarrels with her betrothed, and for revenge turns to Welsh. Father Whalen is the uncle of Nellie Durkin and has been a father to her as well as to Welsh, who was left an orphan at an early age.

It has been understood for years that Nellie and young Welsh are to marry. Jim Welsh, a big good-hearted brother of the young doctor, labored in the mines to earn the money necessary to secure the education for the young doctor and this is Jim's happy day for is not his big brother a physician with his name in gold letters over the door?

He, too loved Nellie but he sacrificed that for his brother and as he says, tried to prove his love for both of them by making Ned worthy of her. While Father Whalen is talking to Welsh of the happy home he will have with Nellie as his wife, the old clergyman hears that the latter is engaged to the daughter of Dr Cassidy.

It is like a thunderbolt from a clear sky and a strong scene results. Father Whalen prevents Dr Welsh from sending an announcement of the engagement to the papers and the curtain descends on a scene natural and powerful.

Act II is the lawn the same evening. Father Whalen labors to keep the truth from Nellie and Jim, and the interest is intense. Katherine Corrigan is a wealthy Irish girl, touring America and stops over in this village en route for Ireland. Not knowing the seriousness attached to the engagement, she tells Jim Welsh. He finds his brother, who acknowledges the truth and he attempts to drag him to Nellie. Father Whalen prevents a serious encounter. Nellie learns the truth and with Jim determines to leave the grounds and not wait for the dinner in honor of Dr Welsh. Father Whalen induces them to stay.

Act III is one hour later in the house of the priest. Through the door floats the voices of the choir and the music of the organ. The situations are powerful. Father Whalen devotes himself to the task of righting things, and by arts that are diplomatic in character restores all to reason and "Love triumphs."

Michael Sullivan who is in the employ of Dr Cassidy, furnishes abundant comedy, and the humor of Father Whalen is delightful. There is a smile for every sigh, a laugh for every tear, sentiment without gloom, heart-throbs which are genuine, characters who are true and life pictured as we all know it.

### "THE SIGN OF THE CROSS."

"The Sign of the Cross," with Charles Dalton as Marcus Superbus comes to the Opera house on next Thursday evening. Mr Dalton is an actor whose splendid work has been seen and admired in all of the large cities of this country. The Sign of the Cross was the first of the now numerous dramas that are indorsed by clergymen and patronized by that portion of the community known as "non theater goers." William Greet's strong company of well known actors will present the piece. This is the only organization appearing in the play in this country. Scenically it is one of the most beautiful productions of the day. Over 40 people appear in the cast.

25c One Way, 40c Round Trip. 5 day limit to Cripple Creek via Colorado Midland Railway

84 HOURS TO HELENA

Since the Burlington's New Short Line to the Northwest was completed, there has been a complete overhauling of the schedules of all the railroads from Denver to Montana and Puget Sound—but the Burlington's advantage is as great as it was a year ago.

To Helena, Spokane, and ALMOST everywhere else in Montana and Washington, it is shorter and quicker than any other railroad or combination of railroads. As to the service—it's "Burlington" all the way through.

Leave Denver 11:55 tonight; arrive Helena 10:15 a. m. day after tomorrow; Spokane 11:40 p. m. same day.

Tickets at offices of connecting lines.

## ON DOCTOR-JACK POT PROPERTY

### Lessee Whitlock Has Sent Out 15-Ton Shipment From Old Davenport Workings—Another Lease to Be Given on Same Property.

Special to the Gazette.

Cripple Creek, March 20.—H. G. Whitlock, leasing a block of the old Davenport workings of the Doctor-Jack Pot, today sent out a 15-ton shipment of sorted rock from the dump of the lease, expected to bring returns of $30 per ton or better. Mr. Whitlock also has about two carloads of ore ready to be shipped. This ore is from the 300-foot level and is of an average grade that will return over $40 per ton. Steady work in breaking ore is being accomplished, and practically no development has been found necessary by Mr. Whitlock since taking hold of the property. The shoot in the 300-foot level varies from one to three and one-half feet in width and the values have been found to be unusually steady.

In regard to the report of the strike made by the Doctor-Jack Pot company in the 700-foot level of the Morning Glory workings north in the Doctor territory, Mr. H. E. Woods tonight stated that the report was somewhat premature, as little has been opened in the way of pay ore. Recent developments at the bottom level have not been replete with encouragement, although occasional good assays are obtained at points along the vein. Further drifting will be necessary to determine whether or not the ore shoot has been located at this depth in the Doctor vein.

E. M. De La Vergne, the manager of the Isabella company, arrived in the district tonight and will probably grant a lease on advantageous terms to J. S. Murphy and associates before leaving for the Springs. An application is in for the ground to the north of the Lee shaft and will be considered within the next few days. Mr. Murphy has promised to install improvements and carry on some extensive development in case the lease is granted to him.

There are now five leases being operated on the Isabella company's estate, but while a good deal of development is in progress, no shipments are being made from these blocks.

Work is to be commenced on the Raven hill property of the Jennie Sample Consolidated company as soon as further details of the consolidation are perfected. It will probably be the policy of the Consolidated company to put down a new shaft from the surface, located at a central point of the system of veins extending through the property. The main working shaft of the Jennie Sample, at present operated by Lessee Babbitt & Company, is small in size, and cannot be advantageously deepened without being enlarged. Its depth is 500 feet and the work of the Gould company down to this point has been very thorough in the main vein. Operations in the 500-foot level were not attended with the success that was expected by the Gould company. A steady output for a number of years has been made from the Jennie Sample workings, but the best veins to be worked by the Consolidated company have not been prospected to any extent below a depth of 200 or 300 feet.

The main workings of the Ida May on Raven hill have been leased to a strong company that will commence operations as soon as a plant of machinery can be installed. The lease is for two years at 20 per cent. royalties. A plant of machinery has been purchased from another property in the district and will be moved to the Ida May some time this week.

Lessee Brewington, operating the Little Fauntleroy of the Fauntleroy company on Gold hill, has resumed sinking and will put the shaft to the 100-foot point, where another level will be run out on the ore body opened between the surface and the 500-foot depth. Where the ore was opened, the shoot measured nearly four feet across and values of two ounces in gold to the ton were obtained.

The Mitchell Leasing company, operating a block of the Pharmacist property on Bull hill are nearing the ore shoot in the 700-foot level and assays taken recently indicate the proximity of shipping values. Samples returned $14 to the ton yesterday. A drift is being extended north on the main vein for the junction of this vein with the cross vein, where a good body of ore is looked for.

## DEALS FOR CLAIMS IN PEAVINE

### Mr. J. K. Miller and Associates Have Acquired a Group of Claims Under Bond and Lease—Promising Copper Mine.

Mr. J. K. Miller returned yesterday from Reno, Nevada, where he has been looking after his interests in that section, and acquiring others. In the Peavine district he and associates have acquired under bond and lease on a group of claims, and a vein three feet in width has just been opened up, showing values in gold and silver ranging from $27 to $80 in gold to the ton. A shaft is to be sunk at once to develop this vein, and it is expected that shipments can be started at an early date.

About eight miles from this group of claims Mr. Miller is interested in a copper proposition which is turning out very well. A good vein has been opened at the surface, showing ore which is worth $64 per ton in car lots, and a tunnel has been run into the hill at the water level, 150 feet below the outcropping of the vein. It is expected that the copper ledge will be opened in about 50 feet more tunneling. An upraise will then be constructed, and a drift run on the ore to prove it up.

Mr. Miller confirmed the report of a rich strike in the Wedekind mine, adjoining the property of the Colorado-Nevada company, and brought back with him rich specimens of the ore. Reno, he stated is on the eve of a boom, if the present favorable developments continue. The camp has excellent railroad facilities, and is in every way favorably located for a prosperous mining camp.

## BROKERS WROTH OVER INSINUATIONS

### They Resent Whelan's Charge of Manipulating—Secretary Kinney Finds Records of Only Six Ipse Sales.

A great deal of resentment was expressed among local brokers yesterday over the statement that Central Consolidated stock had been manipulated. President Whelan of that company stated that by the ipse-ing of stock false quotations were maintained, and that the company would withdraw its shares from an exchange where they were so grossly treated.

This casts a reflection on the members of the exchange which they are quick to resent, and the affair may develop to an interesting termination unless some satisfactory explanation is forthcoming for the extraordinary attitude of the Central Consolidated company.

Moreover, Secretary Kinney of the exchange, who is as deeply concerned as any one in the practices of the institution, has gone to the pains of looking over the records, and in the sheets for the past year he has been unable to discover more than six ipse sales on this stock. Even if an ipse sale could be taken as an unscrupulous manipulation of a stock, this charge will not hold water.

It has been the custom of more mining companies than the Central Consolidated to explain a depreciation in the price of their shares by saying they were "manipulated," "knocked" and other similar terms, which sound well, but which have very little real meaning. "As a matter of fact," said a well-known broker yesterday, "the market has been weak from a perfectly legitimate cause. We are reaping the harvest which extravagant promises and unwarranted booming always bring, and stocks had to find a basis more consistent with their real worth. It may be that the reactionary wave has carried them too low, but this attempt to claim that a stock which declines has been victimized is absurd, and but works to further any disrepute past stock methods may have brought on the exchange."

## DOCTOR HOPE'S PROMISING OPE[illegible]

### In the Bottom Level Two Ounce Values Have Been Revealed in the Breast—Too Early to Know if the Shoot Has Been Found.

Much excitement was caused on the floor of the mining exchange yesterday by an announcement crediting the Doctor-Jack Pot company with at last opening their rich shoot in the seventh level run from the Morning Glory shaft. It was reported that the old shoot had been opened, and as this ore body is one of the richest ever mined in the camp, the effect on the stock was quite miraculous, for these times.

It is learned from Manager Woods of the Doctor-Jack Pot company, however, that the shoot has not yet been opened certainly, although the indications are encouraging. A round of shots in the breast of the drift, where work has been resumed after starting an upraise and running crosscuts, yesterday revealed values running about $40 in gold to the ton. Whether these values come from a pocket, or are at the edge of the rich shoot, cannot be determined until development work is carried further.

The breast of the drift is now about 900 feet away from the shaft, and 84 feet beyond the point where the ore shoot should have been opened. The condition of the mine has kept the management guessing for many weeks, and the present development cannot be sized up as yet. The opening of this shoot, in the same richness which prevailed in the uppper levels, would give to the mine a stoping ground over 175 feet, if the shoot is continuous all the way down, and would undoubtedly mean a resurrection of the property and a resumption of dividends.

## GOOD SHARE OF CLEAR CREEK OWNED IN COLORADO SPRINGS

### Many Prominent Firms Financing Great Enterprises There—Good Work Done With Good Results.

(Special Correspondence.)

Idaho Springs, March 19.—Colorado Springs energy and money are bearing good fruit in the shape of progress in the Clear Creek camp, especially in the Idaho Springs district. The Lucania tunnel is certainly one of the most ambitious and at the same time most promising ventures not only in Clear Creek, but in Colorado. The timbering in the tunnel is now complete and is a beautiful piece of work. Two shifts are at work on the bore and great progress is being made. Good authorities in the district say that it will not be long before the Lucania people cut the first of numerous veins which cross the tunnel site. Wright, Lilly & Co., have been very successful with the financial end of this enterprise, and have been assisted by the eulogistic notices in the Idaho Springs papers which give the scheme and the management unstinted praise.

Another Colorado Springs property which is going rapidly ahead is the Omar, financed by Riedel, Torrey & Co. This scheme, too, has been ably supported financially and with progress of work is expected to cut a lode in the immediate future.

The King Edward, another promotion of Riedel, Torrey & Co. is situated at Dumont and a large amount of work has been done. The King Edward tunnel works into some very valuable territory, besides which the company possesses a large acreage of its own.

The Monarch tunnel (McKinnie, Davie & Co.) still keeps up its progress towards the Freeland mine (which has produced in the past $3,500,000), this tunnel is one of, if not the finest bore in the district. It cuts through some especially fine property—of which it owns nearly all and will in time reach the Lamartine, which can show an even greater production than the Freeland.

Over the other side of the creek from the Freeland, is the property of the Coronation Co., with a finely timbered tunnel down a distance of nearly 100 feet. The company has been well supported and carries both eastern and English capital. It owns a group of 25 claims.

Adjoining the Coronation property is the Donaldson Mountain Co. who are steadily going ahead with their tunnel, while the Centurion, financed by Russell Prentice Co., are nearing the great vein every foot the tunnel goes forward.

It is generally conceded at Idaho Springs that Colorado Springs men are running some of the best mining properties in the camp, and are moreover, running them in a progressive manner.

Nearly everyone in Idaho Springs is interested in Clear Creek mines and there are several "home" companies. One of the latest is the Argus Co. which owns 25 claims and a mill site. As is usual in this district the property will be cut by tunnel. The company is being well supported in Clear Creek and its prospects are decidedly good.

The progress and production of the mines surrounding properties belonging Colorado Springs companies is a most promising feature. It is scarcely necessary to repeat the numerous veins which the Lucania must assuredly cut, the Specie Payment, Champion, Emerson, California and the prolific Gem vein, which is anything from 25 to 100 feet wide. In short the mountain which the Lucania is now boring into has produced some $65,000,000 and is producing through the Newhouse tunnel as much as ever.

The Omar is in the center of a district which is making the most rapid strides and which is being much sought after.

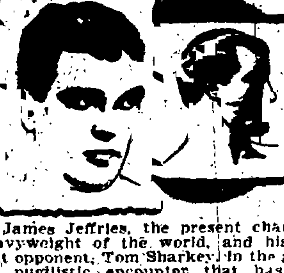

The Centurion, Donaldson, Mountain and Coronation groups are in the busiest district of all. There is the Traction, shipping $700 ore with monotonous regularity; the Banty, Gum Tree, Teller, Freeland Extension, Turner, the Little Mattie with some wonderful showings; and numerous other mines, all doing good work, with good results. If persistent reports be true more Colorado Springs capital will shortly be invested in Clear Creek, to the benefit of both places. Clear Creek is not heard a great deal about, but it is doing good solid work all the time and much eastern and English money is being brought into the district via Colorado Springs.

## TWO MATCHES OF PHYSICAL MANHOOD

### Of Physical Manhood.

No form of athletic exercise demands such perfect physical condition as prize fighting. Every muscle in the body must be fully developed and supple, and the heart, lungs and stomach must act to perfection.

Whether we indorse prize fighting or not, it is nevertheless interesting to know the manner by which men arrive at such physical perfection.

James Jeffries, the present champion heavyweight of the world, and his gallant opponent, Tom Sharkey, in the greatest pugilistic encounter that has ever taken place, both pursued much the same course of training, and the first and most important part of this training was to get the stomach in condition and to keep the digestion absolutely perfect, so that every muscle and nerve would be at its highest capabilities.

This was not done by a secret patent medicine, but both of these great pugilists used a well-known natural digestive tablet sold by druggists under name of Stuart's Dyspepsia Tablets and composed of the digestive ferments which every stomach requires for healthy digestion.

Champion Jeffries says: "Stuart's Dyspepsia Tablets prevent acidity, strengthen the stomach and insure perfect digestion. They keep a man in fine physical condition." Signed, James J. Jeffries, champion of the world.

The gallant fighter, Sharkey, says: "Stuart's Dyspepsia Tablets remove all discomfort after eating. They rest the stomach and restore it to a healthful condition. I heartily recommend them." Signed, Thos. J. Sharkey.

The advantage of the daily use of Stuart's Dyspepsia Tablets is that they keep people well and ward off sickness and are equally valuable to well persons as to the dyspeptics. Another advantage is that these tablets contain no cathartics or poisons of any character, but simply digestive ferments which are found in every healthy stomach, and when digestion is imperfect it is because the stomach lacks some of these elements and Stuart's Dyspepsia Tablets supply it.

They are no cheap cathartic, but a perfectly safe and efficient digestive and the demand for them is greater than the sale of all other so-called dyspepsia cures combined. No remedy could possibly reach such a place in public esteem except as a result of positive merit.

Full sized packages are sold by all druggists at 50 cents, and the best habit you can possibly form is to take a Stuart Tablet after each meal. They make weak stomachs strong and keep strong stomachs vigorous.

## NOT ENOUGH STOCK [illegible]

When it came time to hold the annual meeting of the Butterfly-Terrible company which was called for March 19, it was found that there was not enough stock represented to hold a meeting, and it was indefinitely postponed. The directors will endeavor to hold a meeting within the next few weeks, sending out notices of a new meeting as soon as it is thought a quorum of the stock can be obtained. The holdings are quite widely scattered. The company has had many difficulties to encounter since the last meeting, but good ore bodies are now being opened up, and it is hoped that the mine will be restored to its former prosperity before the year is out.

### ORE OPENED ON THE JEFFERSON PROPERTY.

Pierson and others, leasing on the Jefferson, within the corporate limits of Victor on Victor avenue, have succeeded in finding ore where others failed, and are now saving from an eight-inch streak found in the 100-foot level mineral which assays from $50 to $65 a ton. The new ore house is being constructed and as soon as it is completed the lessees will begin hoisting ore. A crosscut is being driven to the vein in the 500-foot level. Thousands of dollars have been expended on this property and but little ore has ever been shipped from it. Several different companies have essayed to develop the mine, but it has been anything but a paying proposition. The present lessees are confident they have a permanent body of ore. A number of other claims similarly situated south of the Strong mine will undoubtedly become active.

### SHOWING IN WINZE ON BUFFALO AND C. C.

The showing in the winze which is being sunk from the tunnel level on the Buffalo and Cripple Creek ground is good. Assays are being obtained running as high as $30 to the ton. The winze is supposed to be on one of the veins which extends south from Beacon hill into Grouse mountain.

### GOOD DEVELOPMENT ON RAVEN HILL MINES.

The mines in that section of the district which is known as the saddle dividing Raven from Bull hill are not producing very heavily these days, but a great deal of work is being done in the neighborhood of the Joe Dandy. The Mountain Boy, owned by a company of the same name, will send out its first shipment in a few days. It will consist of about 20 tons of $50 ore. On the Happy Year, owned by the Central Consolidated company, the showing is said to be good. A drift is being extended from the bottom of the winze on a well defined vein, but the ore shoot has not yet been reached. A carload of $40 rock will be sent out tomorrow from the Joe Dandy. This mine has been one of the steady shippers of this section for years past, but very little definite information can be gained about it. But judging from the surface improvements, the showing in the lower levels must be good. The property is owned by Messrs. Coe and Rice of Colorado Springs.

### OUTPUT OF ELKTON CONTINUES TO BE LARGE.

The Elkton is outputting the usual tonnage of from 100 to 125 tons a day. There is an immense amount of development work being done and a large tonnage has been blocked out above the 700-foot level.

### SHIPMENTS FROM MANY MINES AND LEASES.

Jackson and Pullen, leasing on the north end of the Jerry Johnson, are making steady shipments from that property. Enough ore is being shipped to at least pay the mine's expenses, while a great deal of dead work is being done.

Heuselmann, leasing on block 2 of the Rattler, is in good ore at the 100-foot level. A contract has just been let for 100 feet of additional sinking.

The El Paso company, working on the west slope of Beacon hill, will ship about $60,000 worth of ore this month. A lease on the north end of the ground which is being worked by Andy Finnerty gives promise of turning out to be a bonanza. These lessees will make their first shipment the first of the week.

William Clary has deeded to William K. Quigley, a one-fifth interest in the Cracker Jack lode, but the consideration cannot be learned.

Three carloads of high grade smelting ore were sent out from the company workings of the El Paso yesterday. Lessees working on different blocks of the estate are nearly all saving ore and shipments will be made during the week.

Lessees working on the Mitchell, owned by the Pinnacle company, will make a shipment of a carload of two-ounce ore tomorrow.

Parkinson and associates received returns yesterday from a 20-ton shipment that averaged $54. Another lot will be sent out Friday morning.

### PREPARATIONS TO RESUME ON THE MARY CASHEN.

Preparations are being made to resume work on the Mary Cashen, another property within the Victor city limits. Considerable mineral was shipped from the upper levels and at one time the mine was thought to be a second Gold Coin, but the values suddenly disappeared and although the company and lessees have spent considerable money in an effort to recover the lost shoot, none was successful. It is not yet known whether the mine is to be operated on company accounts or by lessees.

# PYRAMID PILE CURE

**Should Be the Last Resort.**

Many people suffer from piles, because after trying various lotions, salves and ointments without relief or cure, they come to the conclusion that a surgical operation is the last resort, and rather than submit to the shock and risk of life of an operation, prefer to suffer on very often, however, the afflicted one is over persuaded to resort to the knife, and even though the operation is apparently successful, and there is complete recovery from the shock incident thereto, the result is invariably the same; the piles sooner or later return because their cause has not been removed. This result is a logical one, inasmuch as the knife removes the effects of the disease only, while the cause remains as before. There is claimed to be a remedy which does remove the cause, hence eradicating the disease, and that is the Pyramid Pile Cure; it is in the form of a suppository, is applied directly to the parts affected, and brings about a complete cure, quietly and painlessly. In this connection the testimony of Mr. John Cullen Bryant, the well-known bookseller of Haverhill, Mass., is of unusual interest:

"I desire to contribute an unsolicited, but purely voluntary testimonial in favor of Pyramid Pile Cure. I have suffered for more than 30 years with hemorrhoids, and have consulted numerous physicians and expended a great deal of money for medicines that did me no good. I had often seen Pyramid Pile Cure advertised, but hesitated for months before buying same, thinking it a patent or quack remedy that had no merit; but having tried every other remedy prescribed I was finally persuaded one year ago to try Pyramid Pile Cure. I bought a 50-cent package at the drug store, and while I may not be permanently cured, the past year has been the only year of my life worth living during the past 20 years, and nothing but the Pyramid remedies have wrought this change. I offer this testimony for the benefit of suffering humanity."

Continuous quotations. N. Y. stocks, bonds, cotton, Chicago grain, provisions. Wm. A. Otis & Co., 127 E. Pike's Peak.

# MONUMENT

Mrs. J. S. Gibbs and children of Pring, left Thursday for a month's visit at their old home in southern Iowa.

Mrs. McConnell and little daughter spent last week in Colorado Springs and Pueblo.

Mr. Herman Harlin made an overland trip to Sedalia Wednesday, returning Saturday.

Mr. Dan Eppler of Elbert, was a visitor in our town Wednesday.

Mr. Isaac Gutshall went to Denver Thursday for a short visit.

Mrs. Fred Cobb spent a few days last week at her home in Victor returning to Monument Friday evening.

Mr. Richardson left for his home in Jacksonville, Ill., the first of the week very much improved in health. He came here early last summer for throat trouble.

Mrs. J. W. Higby and son John spent Saturday and Sunday with relatives in Denver.

Mr. Charles Allis has purchased a fine new DeLaval milk separator.

Miss Ida Guire will go to California the last of this week for lung trouble. It will be a surprise and shock to her friends to learn of this affliction.

Mr. Blame of Palmer Lake, paid Monument a visit Sunday.

Mr. Carl Limbach of Denver is visiting his father.

Mr. George Bernard is going to put a telephone line from his ranch to Monument. This will prove a great convenience in busy seasons or times of storm. Several ranchmen contemplate connecting with him.

Mr. Higby has recently purchased a half interest in the Spring Valley creamery. This will add much to the Monument creamery as all the cream will be brought here to be handled.

Miss Reed has returned from an extended visit to her father in Chicago and is again at home, at the Ben Loman ranch, near Palmer Lake.

The water works committee of Palmer Lake has been having some trouble with the pipes. Three sections were leaking but all have been repaired.

Mrs. Minnie Evans of Denver, visited her father, Mr. Henry Limbach, the first of the week.

The Woman's association met at Mrs. Rupp's Thursday afternoon. The subject was the "General and Religious History of the Philippines," with Mrs. Killin and Mrs. Sailor as leaders. A number of interesting articles were read by the members. The next meeting will be with Mrs. Sailor March 27.

Miss Ida Guire made a trip to Colorado Springs Thursday, thence to Castle Rock, returning home Monday evening.

Mrs. Newbro has rented her home in town to Mr. Snyder, who moved in Friday, she moving to the house recently vacated by Mr. Tucker.

Palmer Lake is to have a telephone pay station put in. Mrs. Sadie Davis will have charge of it.

Miss Maddox, principal of the Sedalia school, spent Saturday and Sunday with her brother, Mr. H. Maddox and family.

Miss Grace Van Schuyver returned from an extended visit of several months in Pueblo.

Mr. Hugh Schubarth had the misfortune to lose one of his large horses Saturday evening.

Mr. Andrew Curry spent Sunday in Colorado Springs.

Mrs. Sophia Schlumpf of Denver, spent a few days the first of the week with Mrs. Mercer.

While Rev. and Mrs. Boyle, formerly of Monument, but now of Pueblo, were out driving, the horse suddenly became unmanageable and began kicking, breaking the buggy and injuring Mrs. Boyle. For a few days she was unable to walk without crutches, but is now nearly recovered.

Miss Hannah Olf is again at home after a month's vacation in the Springs.

The Odd Fellows ball under the management of Messrs. Eppler, Lamar and Pribbles Monday night, proved the greatest success of anything of the kind given in Monument for many months. A large crowd was present, many from Sedalia, Castle Rock, Colorado Springs and others places. Over 60 numbers were out. The music was furnished by a Sedalia orchestra. An elegant supper was served by the W. C. T. U. ladies at the Woodman hall.

There will be a spelling match at the school house Friday night. All invited to be present.

Mr. Joe Wilson and Miss Nettie Gibbie of Gwillimville, were married in Colorado Springs last Wednesday. Both Mr. and Mrs. Wilson are well known here, having spent many years on the divide. Their many friends extend congratulations.

The green social, under the auspices of the W. C. T. U. Monday evening was an enjoyable affair. The program was mostly a temperance one with the exception of a few pieces in honor of St. Patrick's day.

The school children devoted a part of Monday to the study of Ireland and St. Patrick.

Mrs. Frank Smith of Colorado Springs, came up Monday evening for the W. C. T. U. social.

# CONSUMPTION

## Preventable and Curable

All people who are apparently marked as prospective victims, or are persistently pursued and persecuted by the wasting ravages of Consumption, should come to a realization of the fact that this dread deputy of death can now be met and overpowered by modern scientific means of both prevention and cure.

The onset of the disease may be blocked and the actual malady itself may be successfully vanquished by well-tried means within the reach of all threatened or real sufferers who will write and obtain free samples of the most potent preventive and curative remedies today to be had in the whole world.

Since the free distribution of these truly wonderful remedies began over 40,000 fewer consumptives' graves have been dug annually in the United States. The defeat of this stalwart deputy of death in recent years has materially raised the average of human life.

Timely use of these free preparations—four in number—prevents and cures not only consumption, but all forms of wasting human maladies. They are noble family remedies for the ailments of delicate women and children.

The faintest forerunner of consumption should be regarded as a cue to obtain these free medicines without delay. Write for them at once if you observe such symptoms in your case as, Chronic Catarrh, Lung Pain, Cough or Impeded Respiration, Weakness after Grip, Pneumonia or Lung Fever, Sore Throat, Hemorrhage, Defective Nourishment, Blood Taint, Wasting of Flesh, Anaemia or Blood Impoverishment, Night Sweats, Pallor, False Rosy Flush, Periodical Fever, Rapid Pulse, Rectal and Glandular Abscesses, Uncontrollable Fatigue, Suppressed Functions, Sinking Spells, Heart Flutterings, Nervous Chills or any other symptom which shows that the powers of the body are becoming less able and less likely to resist disease.

THESE FOUR NEW PREPARATIONS comprise a complete new treatment for consumption and nearly all the ills of life. The FOOD EMULSION is needed by some, the EMULSION and TONIC by others, the EXPECTORANT by others, the OZOJELL CURE for CATARRH by others still, and ALL FOUR, or any THREE, or TWO, or any ONE, may be used singly or in combination, according to the needs of the case. Full instructions with each set of four free remedies represented in this illustration. Also 68-page My Doctor Book.

EDITOR'S NOTE—The Slocum System of Treatment is medicine reduced to an exact science by America's foremost specialist, and all readers of the Colorado Springs Gazette are urged to take advantage of Dr. Slocum's generous offer.

## THE STRANGEST WAY TO HEALTH
## FOUR FREE TRIAL REMEDIES

The liberality of the great New York scientist physician Dr. T. A. Slocum, is responsible for the fact that the Four Great Remedies are free to those who need their preventive or curative powers. They are prepared in the doctor's great laboratories in New York city, and are sent with full directions for use upon application.

The First of these free preparations is the best EMULSION of Cod Liver Oil, in combination with Guaiacol known to pharmacy—a protective, rebuilding Food Medicine of great power.

The Second is COLTSFOOT EXPECTORANT, a cough remedy of unmatched curative properties.

The Third is PSYCHINE, a reconstructive, restorative TONIC of marvelous, revitalizing properties.

The Fourth—OZOJELL—is a certain catarrh curative and local applicant.

"He who hesitates is lost," but he who will may prevent the attack or rout the actual agents or deputies of death—consumption and other flesh-wasting and life-destroying diseases.

Some need the Cod Liver Oil Emulsion; others the Expectorant; some the Tonic; others the Ozojell Catarrh Cure; some need all four.

WRITE TO DR. T. A. SLOCUM, 98 PINE STREET, NEW YORK, and all Four of these FREE preparations will be at once forwarded to you with complete directions for use in any case. Also 68 page My Doctor Book, with Testimonials from those who have used the Remedies. Please give post office and express address and mention the Colorado Springs Gazette when writing the Doctor.

# THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, March 20.—The mining stock market maintained its normal activity today, with more strength apparent than was noticed yesterday, several stocks showing good recoveries and one or two very good advances being recorded. The responsive condition of the market is splendidly illustrated by the big advance in [illegible] shares just as soon as there comes a potent reason for an advance, and in Calera the sensitiveness of the market to supply and demand is well illustrated although this case is hardly a typical one. The advance in Doctor to 49½ was due to the discovery of some values at last in the bottom [illegible] of the mine. The opening of this ore shoot is of vital importance to the company, and if it is located in its former richness it will put the company again among the dividend payers. Calera, after selling at 18 yesterday, sold today at 20, but reacted to 19¼. Elkton gained fractionally, closing at 53¾ and Isabella closed stronger at 23½. The activity in Lexington was repeated and the stock gained fractionally above 8, while Ben Hur gained a cent, selling to the amount of 5,000 shares at 5. Portland remained low at $2.37. Eclipse gained fractionally to 9¾ and C. K. & N. advanced ⅛, under active trading. Of Little Puck stock 25,000 shares changed hands and the stock gained to 8¼.

5-day limit to Cripple Creek via Colorado Midland Railway.

**The Mistake is Made by Many Colorado Springs Citizens.**

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is cure.

Backache is kidney ache.

You must cure the kidneys.

A Colorado Springs resident tells you how this can be done.

Mrs. E. P. Kenendy of 116 North Pitkin street says: "If everyone in Colorado Springs who suffers from kidney complaint, backache or any of the consequences which accompany that far too prevalent annoyance receives as much benefit from the treatment prescribed by Doan's Kidney Pills as I, they will not only recommend them to the public but they will advise everyone they meet to call at Jones & Wellington's drug store, 109 N. Tejon street, buy a box, take it according to directions and they will be surprised at the results."

For sale by all dealers, price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

## EASTERN MARKETS

**New York Stock Market.**

By Associated Press.

New York, March 20.—The so-called specialties still attracted the largest share of attention in the stock market today. Their movements were not quite so wide nor so feverishly erratic as yesterday, but there was still an eccentric irregularity in this portion of the market. As for the standard stocks that usually make up the bulk of the trading by reason of their large capitalization and representative character they were neglected and sluggish, as for some time past. Colorado Fuel was again a conspicuous figure and touched yesterday's high level again at 107, closing with a net gain of 4⅛ after a very erratic course during the day. Sugar was sold early on professed disappointment over the terms of the bill for reducing the Cuban sugar tariff, but later it rose strongly and closed with a net gain of a point. The market closed quite active but irregular. Growing consideration is given to the question of money supplies between now and the time of the April quarterly settlements.

**The London Market.**

By Associated Press.

New York, March 20.—Commercial Advertiser's London financial cablegram.

The stock market was slack and irregular today, the settlement beginning tomorrow having a tendency to restrict fresh ventures. Kaffirs were cheerful early on reassuring reports about the condition of Cecil Rhodes. Investment shares were heavy on selling by the continent of consols and foreign bonds in order to provide funds for the impending new Russian four per cent. loan of 162,000,000 roubles in Berlin. Copper shares were flat. Copper broke 5⅞ to 52¼ the ton and Rio Tintos were ¾ down to 44⅛. American stocks began good with Atchison spurting steadily. The rest of the list was featureless until the close.

**Kaffirs.**

Cabled quotations on Kaffirs and Stratton's Independence. William P. Bonbright & Co., 29 N. Tejon street.

**New York Money.**

New York, March 20.—Money on call easy, 4@5; closing 3½@4. Prime mercantile paper, 4½@5.

Sterling exchange steady with actual business in bankers' bills at $4.87½ for demand and at $4.85 for 60 days. Posted rates, $4.86 and $4.88½. Commercial bills, $4.84⅞@4.85⅜.

Bar silver, 53⅞. Mexican dollars, 43¼.

Bonds—Governments, steady, state, inactive, railroads, irregular.

**The Metal Market.**

By Associated Press.

New York, March 20.—Tin at London was higher at £116, 15s for spot and £114 for futures. The New York market rallied to the extent of about 15 points, closing with spot 26¾@27, but without much business. Copper was steady and unchanged at New York with lake at 12@12⅜, electrolytic and casting at 12@12¼. At London there was a break of 12s, 6d, which closed spot at £52, 5s and futures at £52, 2s, 6d. Lead ruled steady but unchanged here at 4⅛. London was also unchanged at £11, 10s. Spelter stood steady and unchanged at $4.35 here and £17, 12s, 6d at London. Prices for iron at New York were all unchanged with tone steady. Glasgow prices remained unchanged. At Middlesboro a gain of 1½d carried the price up to 46s 7½d.

**Continuous Quotations**

Over our private wire on New York stocks and bonds, Chicago grain and provisions. William P. Bonbright & Co., 29 N. Tejon street.

**Coffee Market.**

New York, March 20.—Coffee—Spot Rio, dull; No. 7 invoice, 5 11-16; mild, quiet, Cordova, 8@12.

**New York Stocks.**

We fill all stock orders immediately. Continuous quotations on New York stocks and grain. Pike's Peak Brokerage Co., 28 East Pike's Peak avenue.

**Chicago Grain and Provisions.**

By Associated Press.

Chicago, March 20.—Trade in grains had a nervous and erratic course today. Speculators were adverse to the consideration of anything but weather reports and these being abundantly bearish, prices slid downward until wheat seemed to have arrived at an export basis. Large sales on the decline revived the dormant bull sentiment and helped other pits sympathetically. At the close May wheat was a shade higher, May corn ¼c lower, and May oats ⅛c lower. Provisions closed 5 to 10c higher.

The leading futures ranged as follows:

| | Open. | High. | Low. | Close |
|---|---|---|---|---|

# DEMOCRATIC RESOLUTIONS OF SYMPATHY FOR BOERS

By Associated Press

Washington, March 19—The Democratic members of the house, at a caucus held tonight unanimously adopted resolutions declaring that congress should express the sympathy of the American people for the struggling Boer republics and pledging themselves to use their utmost endeavors to force" the committee to report resolutions expressive of such sympathy if only that congress may have an opportunity to act

Representative Hay of Virginia presided at the caucus and Representative Robertson of Louisiana acted as secretary The attendance was large There was no division of sentiment as to the course to be taken the question presented being simply one of choice between two resolutions one offered by Mr Randall of Texas and the other by Mr Sulzer of New York The Sulzer resolution was as follows

Resolved By the Democrats of the house of representatives of the United States of America in caucus assembled That we sympathize with the Boers in their heroic struggle to maintain their liberty and independence and protest in the name of humanity and civilization against a continuation of a warfare which outrages the feelings of all liberty loving people and that we shall use our best efforts to have the congress of the United States being committed to the principles of arbitration for the settlement of international disputes request the president to urge upon the government of his majesty the wisdom of adopting this policy for the purpose of stopping the awful atrocities now going on in South Africa and that the government of the United States should maintain a strict neutrality between the contending forces

The Randall resolution was as follows

"Resolved, By the Democratic members of the house of representatives of the United States of America in caucus assembled, that the congress of the United States should, by resolution, express the sympathy of the United States for the people of the South African republics and the Orange Free State in their heroic struggle to maintain their liberty and independence

"Resolved, That the congress should, in the spirit of amity and friendship appeal to the British government in the interest of humanity, to accept overtures for peace cease hostilities and endeavor to bring about a just and honorable settlement of existing differences to the end that peace may be established

Resolved That the United States should fairly and honorably maintain a position of strict neutrality in this contest between nations friendly to us and see to it that the neutrality laws are vigorously and impartially enforced

Resolved That we as Democrats and representatives of the people, will use our utmost endeavor to force the committees now dominated by the Republican party having in their charge resolutions similar to these to report the same back to the house so that the congress may give expression thereon declaring the sentiments and will of the American people"

After some remarks of Mr Randall Mr Sulzer and Mr Cochran of Missouri the Sulzer resolution was voted down, 32 to 35 and the Randall resolution was then unanimously adopted In pursuance of the action taken at the caucus tonight a resolution will be framed for introduction in the house and hereafter the Democrats will do everything in their power to secure action upon it

The southern franchise question was not considered at tonight's caucus

## SENATOR WOLCOTT MAY SUCCEED HITCHCOCK

By Associated Press

Washington March 19—The Post will say tomorrow

It is understood that ex Senator Wolcott of Colorado is being considered by the president as the possible successor of Secretary Hitchcock who it is understood will retire from the cabinet Mr Wolcott was seriously considered for the interior portfolio at the time of Mr McKinley's second inauguration when it was thought probable Secretary Hitchcock would retire At that time it was also understood he was willing to accept the honor

The death of the brother of Secretary Hitchcock on Tuesday caused the rumors that the cabinet member from Missouri was to retire to be more persistent than for several days It is believed the attention of the the secretary will now be in demand at home in settling up his brother's estate

## BOER ENVOYS WILL SAIL FOR FRANCE

By Associated Press

New York March 19—Messrs Wolmarans and Wessels the Boer envoys, will sail for France tomorrow morning on the steamship La Gascogne Mr Wolmarans said tonight in the course of an interview

Since we have been in this country it has been said that our alliance with the Irish has hurt our cause On the eve of our return we must deny that statement and declare that the alliance has been profitable to us both on the battlefield and by the fight which is being waged for us by the Irish members in the English house of parliament First we have to thank the Dutch next the Irish and then the Germans We know also that the people of the United States are with us heart and soul and we believe that a few words of sympathy from the United States senate and house of representatives would go a great way in helping us with the nations of the old world

## FIGHT POSTPONED

By Associated Press

Chicago March 19—The Erne-Gardner fight which was at first scheduled to take place tonight is slated for Friday night The postponement was due to the fact that Governor Yates opposes the use of a state militia armory for prize ring purposes Instead of the Seventh regiment armory a large hall has been secured which is owned by private individuals

## JEFFRIES WAITING FOR FITZSIMMONS' ANSWER

By Associated Press

Oakland Calif March 19—Billy Delaney manager for James J Jeffries has this to say today about the hitch in the Jeffries Fitzsimmons fight arrangements

"We have given Fitzsimmons until this evening to answer us Jeffries himself sent a personal wire to Fitzsimmons asking what his intentions were but as yet he has received no answer They tell us that the supervisors of San Francisco will allow the fight to the club giving the most money to charity Such a proposition as that cannot be considered for a moment We intend to benefit our purses as well as our health in this business

"If Fitzsimmons is afraid of the referees out here we are willing that he should bring any reputable eastern man out with him As agreed upon the club making the highest bid was to get the fight, but if Fitzsimmons is not satisfied we will accept any reasonable offer from any club"

By Associated Press

Los Angeles Calif March 19—The time in which Fitzsimmons was given to accept or reject the offer of the Century club for the prospective Jeffries-Fitzsimmons fight expired tonight without any final decision by the Cornish man In reply to Jeffries personal message of last night, Fitzsimmons today telegraphed that he was holding off with the hope that some eastern club would raise the $25,000 bid of the Los Angeles people

## OPERATORS REFUSE [illegible] CONFERENCE

By Associated Press

Philadelphia, March 19—It was learned here tonight from a trustworthy source that in refusing to enter a joint conference with representatives of the United Mine Workers the officials of the great coal carrying roads and coal companies were careful to word their declination in such a way that it was not a direct refusal to meet the miners representatives because they were such

The companies generally answered the request of the miners by letter saying that it was impracticable to arrange a wage scale that would be uniform because of the different conditions of mining in the different fields and on the ground that nothing could come of a conference, they declined to meet the miners as proposed

## A PROCLAMATION BY R. [illegible] HEFLEY

### OF THE HEFLEY-ARCULARIUS DRUG CO.

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to a pass where they knew not what to believe

Inasmuch as this unsatisfactory state of affairs now exists, **know, therefore, all persons** who are in need of a medicine for any of the following ailments, that we will supply them, with our new Wine of Cod Liver Oil,—Vinol, on a **positive guarantee** that if it does not succeed in benefiting them, we will refund the entire amount of money they have paid out on the medicine.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable and of great curative value Such is VINOL, it is not a patent or secret medicine,—everything in it is plainly printed on the label We are familiar with every particle of it, and know that it should be a blessing to all persons who have troubles hereinafter described, and unlike other medicines, it will cost absolutely nothing if it produces no benefit

Could any offer be more fair that this? You are ill, we offer you medicine which we believe in our hearts will be a blessing to you, and if it is not we will return to you every penny you paid us Is there anyone foolish enough not to accept this offer? If you are ill and need such a medicine you owe it to your family, to your friends, and yourself to try this medicine which we give you our pledge is a genuine new discovery and a preparation of great merit

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers if we did not know VINOL to be an honest and unusually valuable remedy for the ills for which it is prescribed. We certainly could not, we therefore ask you, our neighbors, friends and acquaintances to accept our assurances that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in our offer.

**RUN DOWN.**

If you feel all worn out, have very little appetite, and not much sleep, caused by over-work or sickness, try VINOL on our guarantee.

**DEBILITY.**

Why drag out an existence without life or ambition. It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated. If you do not feel well try VINOL. If it does not help you your money will be refunded.

**FAMILIES.**

If you need to we believe you can do so without taking disagreeable Cod Liver Oil. Fat taken into the system does not create fat We believe VINOL will create flesh quicker than any preparation containing grease. Try it on our guarantee

**DYSPEPSIA.**

Only those who actually suffer know its terrors, for them life is robbed of all joy It produces many serious complications and enfeebles the entire system Relief only comes when a scientific remedy enables the stomach to properly assimilate food. There is no medicine that will do this so successfully as VINOL. Try it on our guarantee.

**OLD PEOPLE**

need a strengthening and invigorating rebuilder. VINOL is of exceptional value in such cases. We guarantee it to give strength and health to the weak and debilitated, either from disease or old age. Try it on our guarantee.

**PALE WOMEN**

and children need a tonic-reconstructor that will create flesh and make pure red blood, Pale, haggard faces show that the blood is poor and thin, and also indicates imperfect digestion VINOL will correct such troubles as sure as the sun shines. Try it on our guarantee. Children love VINOL it is so delicious.

**BRONCHITIS**

often ends fatally unless specially cared for in its early stages There is nothing in medicine more valuable for restoring health to the throat and lungs than VINOL, Wine of Cod Liver Oil. Try it on our guarantee.

**CONSUMPTION.**

Do you fear consumption? Have you tendencies that make you dread this terrible disease? Our new Wine of Cod Liver Oil—VINOL, will surely cure consumption if taken at a reasonably early stage. Try it on our guarantee.

**NERVOUSNESS.**

Diseased nerves are due to over-work, insufficient nourishment or slow breaking down of general health We guarantee VINOL, Wine of Cod Liver Oil to permanently and effectually cure nerve affections, it actually rebuilds the entire body. Try it on our guarantee.

**HACKING COUGHS.**

A sure sign of danger ahead One might as well commit suicide as to let it go unchecked. VINOL is the very medicine needed Unlike other Cod Liver Oil preparations, it does not upset the stomach, and it is delicious to the taste. Try it on our guarantee.

**NURSING MOTHERS.**

If women with nursing babies who have difficulty in keeping up their health and strength would take VINOL, we know positively that the best results would be obtained Try it on our guarantee. You know the life and future development of the child depends upon proper nourishment.

**TRY ON OUR GUARANTEE,**

**Vinol**

When the Blood is Poor
When More Flesh is Needed
When the Weak Need Strength or
The Throat and Lungs Repairing

We stake our reputation on this offer being genuine You will absolutely be under no obligation to us whatever, if after you have given VINOL a fair trial for any of the above ailments and have not received any benefit, you have only to tell us so, and we will return the entire amount of money you have paid us

You see our faith in VINOL, and you must admit that we know something about medicine; therefore, when we tell you that VINOL is the most valuable preparation of Cod Liver Oil we have ever known, and a wonderful tonic-reconstructor and rebuilder of strength, appetite and health, at the same time delicious to taste, we are not unreasonable to expect you to believe us.

## FOR SALE—MISCELLANEOUS.

FOR SALE—The entire equipment of a doctor's office, consisting of carpet, chairs, roll-top desk, easy chairs, Columbia steel operating chair, surgical instruments, medical library, couches, drug case with stock of drugs, electric batteries and various other articles The above must be sold at once, in part or all, to satisfy a mortgage. If you are looking for anything in this line now is your chance to get a bargain.

FOR SALE—The furniture of a 25-room No. 1 rooming house, in the business central part of city; cheap rent good furniture, fine trade, with house full of roomers, owner desires to leave the city quick Some one will get a bargain if they hurry.

FOR SALE—60x100 feet, with 8-room house, one-half block from postoffice. This is one of the best propositions to make a quick profit on on the market. This is what may be termed a sure thing. If you are a speculator, better look at this quick; but small cash required; balance long time and easy payments.

FOR SALE—Several handsome residences which we are offering under almost forced circumstances at figures very much below price of construction. We do not have to have all cash. Come and look them over, pick out the one that suits you. We will not refuse a reasonably fair offer, and terms.

IF YOU think of buying a home it will be dollars to your advantage to investigate what we are offering. Consider this: We have been in the real estate business in this city over 10 years; we know the value of property; our knowledge of the city and values is worth money to you in purchasing property; money saved in your purchase is a profit to begin with; it costs you nothing to look at our bargains offered. When we say bargains, we mean just what we say, and we know what values are.

W. L DAWSON & CO.

## FOR SALE—REAL ESTATE

Z PIKE,
Honored warrior and unrivaled explorer, who discovered the famous mountain peak which bears his name, and who made Colorado famous thereby,
HAD NO HOME
In beautiful Colorado Springs. That is one of the saddest things in history. Hundreds of persons who live here in the shadow of that great monument of Mr. Pike's untiring enterprise are likewise in the brave soldier's fix.
HAVE YOU
A home in this beautiful city, or are you among the vast army of unfortunates who slave their lives away in order to pay exorbitant rents to avaricious landlords? You ought to have a home of your own, and if you
TALK WITH US
About the matter we can fix you up. Don't pay rent, and, above all, don't pay interest. Take out a contract from us, say for a $1,000 home. All you need pay us is $5.50 per month until your home is paid for No interest. You will be in a home within a short time. Rent day will no longer haunt like a nightmare.
AND YOU WILL
NOT BE HOMELESS.

REMEMBER—NO INTEREST.
$5.50 per month—Homes—$5.50 per month.

THE UNIVERSAL TRUST.
15-16 El Paso Bank Bldg.

**How to Prevent Pneumonia.**

You have good reason to fear an attack of pneumonia when you have a severe cold accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this Remedy for colds and la grippe we have yet to learn of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventive of that dangerous disease. For sale by all druggists.

# Giddings Brothers

# Dainty Fabrics for Summer Dresses

NEVER before has the outlook of wash fabrics been so favorable as this spring, or never before has the fashionable woman of Colorado Springs had the opportunity of choosing from such an elegant assortment as our spring line, and the luxurious tendency so evident in wash goods of this season is making it a busy one for us. The early buyers are purchasing up the novelties, most of which will soon be gone; therefore we suggest that you be among them.

Among the many dainty wash goods which we are offering are the McBride's Irish Dimities, French Madras Dots and French Ginghams at 25c, imported Scotch Madras at 50c; Fancy Linen Batiste Ginghams at 50c; imported Swisses; all Linen Suiting from 65c to $1.75; Toile Du Nord Ginghams at 10c; Punjab Percales at 12½c.

## Embroideries and Laces

It is hardly necessary to repeat that Laces and Embroidery will form the chief trimmings on the fluffy Summer Gowns. Our stock of Embroidery and Laces for this season has no superior, for here can be found the most dainty and elaborate trimmings of all kinds or the inexpensive ones if you wish.

**We Are Offering in This Department**

Valenciennes Laces for 20 per doz. ... yards up to the fine French Lawns—the sheerest material for Wash Dresses—at 40c, 50c, 60c, 75c and up to $2.00 yard.

## Summer Shirt Waists

We are still holding our reputation of having the best reliable Waists at the most reasonable prices in the city. We only ask you to examine this stock of which we will then know that you will be convinced.

## Dress Trims and Silks

We are offering many special values in this department which you should not overlook.

Giddings Bros. Guaranteed Black Taffeta is a record breaker at 75c, 85c, $1.00, $1.25 and $1.50 yard.

## Ladies' Suit Department

Here can be found—as you all know—very stylish dependable suits, and the rush we are having in this department signifies that our prices are right. We aim to give this department much attention so as to please all economical buyers.

Good serviceable suits at $1.00, $15.00, $16.50, $18.00, $19.00, $20.00, $22.50 and $25.00. These are fine All Wool Cloth, braided well and finished in the best tailored fashion.

We are showing an elegant line of Fine Silk Lined Suits at $30.00, $35.00 and up to $170.00.

Long Silk Coats, Silk Etons, Wool Etons and in fact everything to suit the most fastidious. You are cordially invited to visit this department, for there are many other good things awaiting your inspection here.

NOTE—We now have one of the best dress-making establishments in the West, of which MADAM HILLIARD of New York has full charge. Of Madam Hilliard's ability in this line too much cannot be said, for the extent of her experience has been over twenty years in New York city. We would be very glad to have you call and see her. We also have a competent New York tailor in charge of our tailored suit department.

All Work Absolutely Guaranteed in These Departments.
